FIRE PREVENTION AND LIFE SAFETY REPORT

When it is time for spring-cleaning, remember a clean house is a safer house. The Fire Prevention Bureau suggests that you take a few moments to check some areas in your house for hazards that could cause a fire.

LIVING OR FAMILY ROOM

- Eliminate overloaded electrical outlets.
- Minimize the number and length of extension cords.
- Allow space around the TV and stereo equipment to prevent overheating.
- Use a metal screen in front of the fireplace.
- Have large, deep ashtrays for smokers and make sure all smoking materials have been extinguished before disposal.

KITCHEN

- Keep surfaces clean and free of grease.
- Do not leave the kitchen while the stove or oven is in use. Many fires begin during unattended cooking.
- Turn pot handles in so they cannot be knocked off or pulled down by small children.
- If you have a grease fire, put a lid on it! Using water will spread the fire.

BEDROOMS

- Make a firm rule not to allow anyone to smoke in bed.
- Working smoke detectors should be installed outside each sleeping area. Test the detectors monthly and change the batteries twice a year.
- Have a home fire escape plan and practice it with your family.

BASEMENTS, GARAGE AND STORAGE AREAS

- Have the furnace, wood or coal burning stoves or any other heating appliance inspected by a professional prior to each heating season.
- Keep areas around heating equipment free of papers, rags or flammable liquids.
- Store gasoline or other flammable liquids in safety cans outside your home.

THROUGHOUT THE HOUSE

- Keep matches and lighters stored where children cannot find them.
- Post Emergency numbers on all phones.
- Do not let papers or trash accumulate.
- Unplug appliances when not in use.

It only takes a few minutes to check your home for fire hazards. You could be preventing a fire and possibly saving a life . . . the life of your family.

Respectfully submitted,
John Alcaidinho, Chief Engineer
Stephen W. Howland, 1st Assistant Engineer
Charles M. Ormonde, 2nd Assistant Engineer

IN CASE OF FIRE - BE PREPARED

Recognizing the possibility that fire may strike your home, decide now how you would be able to save your family's lives were you to awake and smell smoke tonight!

Plan two possible routes to the ground from any upstairs bedroom. It is unlikely that flames would cut off both escape routes during the early stage of fire. We recommend that every home with children conduct regular home fire drills, showing the children where to go and what to do if the normal escape route is blocked by fire.

If Fire Starts:

1. Arouse everyone in the house. Make it your first duty to get everyone out of the house.
2. Call the Fire Department at once.
 - (a) Have number posted near phone. **9-1-1**
 - (b) Know location of nearest Fire Alarm Box.

If Trapped on 2nd or Upper Floors:

3. Jump only as a last resort.
4. Close door leading to hall.
5. Keep low, on hands and knees crawl to window.
6. Open window, top and bottom, place head out window and wait for help.
7. Use porch roof if possible.

ESCAPE RULES

1. Keep close to the floor.
2. Take short breaths and cover face with wet cloth.
3. Keep out of excessive heat and smoke. Feel doors, if hot don't open.
4. Have outside gathering point. Is everyone out?
5. Never re-enter the burning building.

'May They Not Be Forgotten'

Brother when you weep for me,
Remember that it was meant to
be.
Lay me down and when you
leave,
Remember I'll be at your sleeve.

In every dark and choking hall.
I'll be there as you slowly crawl.
On every roof in driving snow,
I'll hold your coat and you will
know.

In cellars hot with searing heat,
At windows where a gate you
meet,
In closets where young children
hide,
You know I'll be there at your
side.

The house from which I now
respond,
Is overstaffed with heroes gone.

Men who answered one last bell
Did the job and did it well.

As firefighters, we understand
That death's a card dealt in our
hand-
A card we hope we never play.
But one we hold there anyway.

That card is something we
ignore,
As we crawl across a weakened
floor.
For we know that we're the only
prayer
For anyone that might be there.

So remember, as you wipe your
tears,
The joy I knew throughout the
years.
As I did the job I loved to do,
I pray that thought will see you
through.

The Fireman's Prayer

When I am called to duty, God, wherever flames may rage, give me strength to save some life, whatever be its age. Help me embrace a little child before it is too late, or save an elder person from the horror of that fate. Enable me to be alert to hear the weakest shout, and quickly and efficiently to put the fire out.

I want to fill my calling and give the best in me, to guard my every neighbor and protect his property, and if, according to your will, I have to lose my life, please bless, with your protecting hand, my children and my wife.

-Amen.

REPORT OF THE PRUDENTIAL COMMITTEE

We herewith submit our annual report for the year ending December 31, 2004.

The Prudential Committee, following the annual election, organized as follows:

David Breault – Chairperson
Timothy J. Lancaster – Clerk
John Furtado

During the year, regular monthly meetings were held, at which time business was transacted and bills approved. The committee approved all vouchers appearing on treasury warrants.

Requests by the Board of Engineers for new equipment and repairs to present equipment were granted in order to maintain the efficiency of the department.

The Prudential Committee, together with the Board of Engineers, continues to study the future needs of the District. Over the past year the Districts elected officers have discussed and investigated multiple locations within the District for training and future expansion of the department. After much discussion with property owners of the Bakerville Road area, it was decided to form a new committee with District residents and officials to locate a parcel suitable for use by the fire department. It is the hope of our Board that this new committee will be able to locate a usable parcel as it is imperative, for the future of the District, that a site West of the Padanaram Bridge be secured soon as available land is becoming extremely scarce.

Over the course of the past year, the Prudential Committee has continued to improve and maintain the District property. Repairs to both the apparatus garage and offices were handled promptly.

The Prudential Committee wishes to thank the officers and men of the District for their cooperation and assistance during this calendar year.

Respectfully submitted,

The Prudential Committee
David Breault, Chairperson
Timothy J. Lancaster, Clerk
John Furtado

REPORT OF THE TRAINING COMMITTEE

During the preceding year, meetings were conducted by the Training Committee for the purpose of developing and implementing departmental drills and training evolutions to meet the increasing demands of both the fire service and the District.

At the conclusion of 2004, the District 1 Training Committee was comprised of the following members:

Training Officer Captain John H. Judson
Lieutenant Marc J. Andre
Lieutenant Kimball A. Baker, III
Lieutenant Jeffrey Costa
Firefighter John D. Foster
Firefighter Troy DeCouto

Throughout the past year, bi-monthly drills were conducted on the first and third Wednesday evening of each month under the direction of the department officers. Friday morning drills were also conducted under the direction of Chief John Alcaidinho for those members unable to attend Wednesday evening sessions. In keeping with past practice, focus has continued to be placed on practical fireground applications, particularly throughout the summer months. During July, the department participated in assisting the Dartmouth Park Department in conducting simulated water rescue drills for all town lifeguards at Round Hill Beach. In September, four department members participated in a weekend training program sponsored by the National Fire Academy in Emmitsburg, Maryland. In accordance with state law, all firefighters are currently certified in both C.P.R. and First Responder Emergency Care Training.

Beginning in 2005, probational members of the department will be attending Massachusetts Firefighter I/II training classes hosted by the Fairhaven Fire Department. The department is appreciative of the opportunity for our members to train jointly with firefighters from neighboring communities in obtaining certification in this mandatory training program.

At this time, the Training Committee would like to take the opportunity to thank the officers and firefighters of the department for their cooperation and participation in training throughout the past year, and ask for their continued commitment and dedication in the future in working to fulfill the needs of the Department and the District.

Respectfully submitted,
