FIRE PREVENTION AND LIFE SAFETY REPORT

When it is time for spring-cleaning, remember a clean house is a safer house. The Fire Prevention Bureau suggests that you take a few moments to check some areas in your house for hazards that could cause a fire.

LIVING OR FAMILY ROOM

- Eliminate overloaded electrical outlets.
- Minimize the number and length of extension cords.
- Allow space around the TV and stereo equipment to prevent overheating.
- Use a metal screen in front of the fireplace.
- Have large, deep ashtrays for smokers and make sure all smoking materials have been extinguished before disposal.

KITCHEN

- Keep surfaces clean and free of grease.
- Do not leave the kitchen while the stove or oven is in use. Many fires begin during unattended cooking.
- Turn pot handles in so they cannot be knocked off or pulled down by small children.
- If you have a grease fire, put a lid on it! Using water will spread the fire.

BEDROOMS

- Make a firm rule not to allow anyone to smoke in bed.
- Working smoke detectors should be installed outside each sleeping area. Test the detectors monthly and change the batteries twice a year.
- Have a home fire escape plan and practice it with your family.

BASEMENTS, GARAGE AND STORAGE AREAS

- Have the furnace, wood or coal burning stoves or any other heating appliance inspected by a professional prior to each heating season.
- Keep areas around heating equipment free of papers, rags or flammable liquids.
- Store gasoline or other flammable liquids in safety cans outside your home.

THROUGHOUT THE HOUSE

- Keep matches and lighters stored where children cannot find them.
- Post Emergency numbers on all phones.
- Do not let papers or trash accumulate.
- Unplug appliances when not in use.

It only takes a few minutes to check your home for fire hazards. You could be preventing a fire and possibly saving a life . . . the life of your family.

Respectfully submitted,
John Alcacidinho, Chief

IN CASE OF FIRE - BE PREPARED

Recognizing the possibility that fire may strike your home, decide now how you would be able to save your family's lives were you to awake and smell smoke tonight!

Plan two possible routes to the ground from any upstairs bedroom. It is unlikely that flames would cut off both escape routes during the early stage of fire. We recommend that every home with children conduct regular home fire drills, showing the children where to go and what to do if the normal escape route is blocked by fire.

If Fire Starts:

1. Arouse everyone in the house. Make it your first duty to get everyone out of the house.
2. Call the Fire Department at once.
 - (a) Have number posted near phone. 9-1-1
 - (b) Know location of nearest Fire Alarm Box.

If Trapped on 2nd or Upper Floors:

3. Jump only as a last resort.
4. Close door leading to hall.
5. Keep low, on hands and knees crawl to window.
6. Open window, top and bottom, place head out window and wait for help.
7. Use porch roof if possible.

ESCAPE RULES

1. Keep close to the floor.
2. Take short breaths and cover face with wet cloth.
3. Keep out of excessive heat and smoke. Feel doors, if hot don't open.
4. Have outside gathering point. Is everyone out?
5. Never re-enter the burning building.

'May They Not Be Forgotten'

Brother when you weep for me,
Remember that it was meant to
be.

Lay me down and when you
leave,
Remember I'll be at your sleeve.

In every dark and choking hall.
I'll be there as you slowly crawl.
On every roof in driving snow,
I'll hold your coat and you will
know.

In cellars hot with searing heat,
At windows where a gate you
meet,
In closets where young children
hide,
You know I'll be there at your
side.

The house from which I now
respond,
Is overstaffed with heroes gone.

Men who answered one last bell
Did the job and did it well.

As firefighters, we understand
That death's a card dealt in our
hand-

A card we hope we never play.
But one we hold there anyway.

That card is something we
ignore,
As we crawl across a weakened
floor.
For we know that we're the only
prayer
For anyone that might be there.

So remember, as you wipe your
tears,
The joy I knew throughout the
years.
As I did the job I loved to do,
I pray that thought will see you
through.

The Fireman's Prayer

When I am called to duty, God, wherever flames may rage, give me strength to save some life, whatever be its age. Help me embrace a little child before it is too late, or save an elder person from the horror of that fate. Enable me to be alert to hear the weakest shout, and quickly and efficiently to put the fire out.

I want to fill my calling and give the best in me, to guard my every neighbor and protect his property, and if, according to your will, I have to lose my life, please bless, with your protecting hand, my children and my wife.

-Amen.

Fire Chief's Report

This year the department has worked alongside with District 2, District 3 and the towns new Police Chief to develop new response policies that would allow for quicker fire department notification and response to all types of incidents within our jurisdictions.

All of the department's new recruits have completed the required Massachusetts Call/Volunteer Training Program offered through the Massachusetts Fire Fighting Academy and are now active Firefighters with the department and continue to serve the district. All of our Officers and Firefighters continue their fire training ether with in-house drills or courses offered through the National Firefighter Academy or the Massachusetts Firefighter Academy so they can continue to train to the highest standards with the newest technologies.

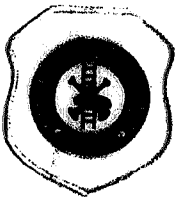

The departments Fire Prevention Division has continued to do free walkthroughs of our residents' homes; inspections of commercial properties and continue with this departments "SAFE" (Student Awareness of Fire Safety) program educating at our preschools, day cares and students attending DeMello and Cushman School. I have also required all fire prevention members to become Pro Board Fire Inspector Level I Certified. Anyone who would like a free fire safety walkthrough, please contact us at 508-996-1596.

All of the department's fire apparatus has had its required NFPA (National Fire Protection Association) and Massachusetts State testing done with all the required repairs being made and the apparatus being certified.

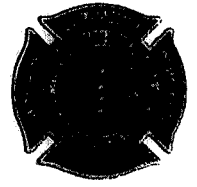

Lastly, I would like to thank all the members and residents of the district for their continued support this past year.

Respectfully submitted,

John R. Alcaldinho
Chief of the Department
